CRIME AWARENESS AND CAMPUS SECURITY REPORT

American Career College (ACC) is committed to providing a reasonable level of security for its students, employees and visitors. The following report provides information regarding campus security policies and procedures for all students and employees of American Career College.

Procedures for Reporting Crimes

ACC is required to monitor criminal activities and other emergencies occurring on campus, at non-campus facilities and property owned or controlled by ACC, and on public property within, or immediately adjacent to, and accessible from the campus. ACC requests and encourages its' students, faculty and staff to promptly report such occurrences to the Campus Director or to the Student Services Manager at their respective campuses. Victims or witnesses to crimes may report crimes on a voluntary basis, and if need be, on a confidential basis. ACC will respond appropriately to each occurrence, and if necessary, report said crimes to local law enforcement authorities.

A crime log will be maintained by the campus security official. The crime log will contain a record of all crimes reported that occurred on campus, at non-campus facilities and property owned or controlled by ACC and on public property within, or immediately adjacent to, and accessible from the campus. Entries into the crime log include the nature, date, time and general location of each crime, and the disposition of the complaint, if known. Names of victims or alleged perpetrators are never disclosed in the crime log. All entries to the crime log will be made within two business days of the report of the crime, or the report of additional information to the campus security official.

ACC will monitor and record criminal activity in which students engaged at off-campus locations, specifically, externship sites, through the local law enforcement agency. ACC does not officially recognize any off-campus student organizations.

ACC students and staff are encouraged to report crimes on a voluntary, confidential basis. This information will be included in the institution's annual crime report. Students in need of counseling may contact the Student Services Manager at their campus for referrals to available counseling services in their community. ACC employees may contact the Human Resources Department for information regarding the Employee Assistance Program, a confidential referral program.

ACC will handle all cases pertaining to an alleged accuser or accused sex offender in the following manner:

- The alleged accuser or accused sex offender is entitled to the same opportunities to have others present during a disciplinary proceeding, and
- The alleged accuser or accused sex offender will be informed of ACC's final determination of any school disciplinary proceeding with respect to the alleged sex offense and any sanction that will be imposed against the accused.

ACC will impose a zero tolerance policy following a final determination of rape, acquaintance rape, or other forcible or non-forcible sex offenses. Therefore, the sanctions imposed include expulsion of students and termination of employees, and, if warranted, reporting the crime to the appropriate law enforcement agency.

ACC students and staff may obtain information concerning registered sex offenders who might be present on campus by contacting their local police department to determine the nearest CD-ROM viewing station and local provisions for access to this information. Registered sex offenders are not permitted access to the CD-ROM. In fact, individuals wishing to view the CD-ROM must present a California driver's license or identification card to confirm their identity and sign a statement verifying that they are not a registered sex offender.
